

DESIGN: SANJA KNEZOVIĆ

Match hails from a family of modular sofas, offering a number of compositions adapted to each given space. Its morphology is defined by the simple basic lines of a somewhat lower armchair and an elevated armrest. While the cold foam fills its complete volume with sufficient firmess for comfortable sitting, a cover made from natural materials furthers the experience of comfort and relaxtion. Match's dimensions go hand-inhand with the needs of diverse groups of users, who can chose between two different widths and depths of the module. Its morphology makes the Match ideal for the furnishing of larger spaces.
