

## Round / Stackable sunbed Design / Christophe Pillet

Round is a collection defined by its search for structural balance and soft lines, an interpretation of outdoor space that conveys stylistic but essential refinement. Clean and basic shapes mark the rich range of tables that make up this collection. Round favours rounded shapes for chairs in which one can be seated with great comfort.

### Materials

#### **Steel**

Iron and carbon alloy, with carbon content below 2%, treated to withstand the elements with the unique EMU-Coat anti-corrosio process.

**Maintenance:** To keep the product in good condition for a long time, we recommend storing it indoors and in a dry place during the winter to prevent condensate from forming. Before the winter and on a quarterly basis, if the products are kept near the sea, it is recommended to clean the metal surfaces with a soft cloth using water or detergent and protect them with Vaseline oil or car wax.

### Cushion Material

#### **Acrylic Fabric**

Il tessuto 100% acrilico viene internamente spalmato con poliuretano; tale processo lo rende idrorepellente, altamente resistente ai raggi UV per un ottima performance nelle aree outdoor.
