

ECLAT

Eye-catching, yet elegant: the Eclat cushion range from Normann Copenhagen dots the i of any decor. The cushions feature a distinguishing elongated shape and sophisticated stripes in delicate silky material. Eclat's cover of Italian-made textiles have a shiny finish and offer sophisticated color combinations. Basic tones of dusty, muted colors are interspersed with narrow, contrasting stripes in an exquisite interplay of shades. The six different combinations unite masculine and feminine looks while complementing the colors in Normann Copenhagen's new bed linen range "Snooze".
